Dear Mr. Venturini:

This is to advise you that the Bay Area Air Quality Management District has decided to issue an administrative permit amendment to the Major Facility Review Permit San Jose/Santa Clara Water Pollution Control. (Facility Number A0778).

The purpose of the administrative amendment is to make the following corrections:

- correct the abatement device number for each flare
- correct Condition 6065, part 15, so that it refers to the proper emission limits
- correct the references to Condition 7910 in Table IV-M
- correct the annual emission limit in Condition 7910 so that it corresponds to the throughput limit
- various minor typographic errors.

A final copy of the modified Major Facility Review Permit is enclosed for your information. If you have any questions on this matter, please call Randy Frazier, **Air Quality Engineer, at (415) 749-4672.**

Very truly yours,

Ellen Garvey
Executive Officer/
Air Pollution Control Officer
